PASTORAL CARE AND COUNSELLING

This book is a "must" for all Christian workers interested in effective ministry to persons. Dr. James E. Giles has written a very practical guide for ministry. Christian workers will find this study guide a valuable resource for their ministry. Part I of this guide deals with the basic theological and philosophical stance from which ministry flows. The author attempts in Part II to equip the pastor and counsellor. Part III focuses upon specific areas of human need.
